~~These guidelines are for use by administrative law judges, attorneys and any licensee involved in settlement of disciplinary actions or statement of issues proceedings. It is emphasized that these are guidelines and the Board acknowledges that there may be departures in individual cases depending upon mitigating or aggravating circumstances. Probation conditions are divided into two categories: (1) Standard conditions, to be used in all cases of probation; and (2) Optional conditions, to be imposed dependent upon the circumstances and nature of an individual case. Optional conditions will be used to define the extent of the disciplinary action if a given case warrants a penalty above the minimum established but below the established maximum. In a Statement of Issues, optional conditions should also be used if a probationary license is issued depending upon the nature and circumstances of the matter.~~

INTRODUCTION

In keeping with its obligation to protect the consumers of dental services from the unsafe, incompetent, negligent or impaired dentists and dental auxiliaries, the Dental Board of California ("Board") has adopted the following recommended guidelines for disciplinary orders and conditions of probation for violations of the Dental Practice Act.

The Board carefully considers the totality of the facts and circumstances in each individual case, with the safety of the public being paramount. Consequently, the Board requests that the Administrative Law Judge ("ALJ") clearly state the factual basis for his or her decision. This is especially important should the ALJ deviate from the recommended guidelines. The rationale for the deviation should be reflected in the decision to enable the Board to understand the reasons for the deviation and to evaluate the appropriateness of the decision.

If, at the time of hearing, the ALJ finds that the Respondent for any reason is not capable of safe practice, the Board favors outright revocation of the license. If, however, the Respondent has demonstrated a capacity to practice dentistry safely, a stayed revocation order with probation is recommended.

Suspension of a license may also be appropriate where the public may be better protected if the practice of the dentist or dental auxiliary is suspended in order to correct deficiencies in skills, education or rehabilitation.

FACTORS TO BE CONSIDERED

In determining whether revocation, suspension or probation should be imposed in a given case, factors such as the following should be considered:

1. Nature and severity of the act(s), offense(s), or crime(s) under consideration.
2. Actual or potential harm to the public.
3. Actual or potential harm to any patient.
4. Prior disciplinary record.
5. Number and variety of violations.
6. Mitigation evidence.
7. Aggravating evidence.
8. Rehabilitation evidence.
9. In case of a criminal conviction, compliance with conditions of sentence and court-ordered probation.
10. Overall criminal record.
11. Time passed since the act(s) or offense(s) occurred.
12. If applicable, evidence of expungement proceedings pursuant to Penal Code Section 1203.4.

Mitigation Evidence:

The following documents are examples of evidence the Respondent may submit to demonstrate his or her rehabilitative efforts and dental competency:

- Successful completion of drug or alcohol treatment program
- Individual or group counseling
- Random, documented biological fluid screening
- Participation in dental support groups
- Education courses taken related to addictive disease
- Adherence to a 12-step recovery program philosophy, or equivalent
- Written documentation of participation in 12-step recovery groups, or equivalent

- Recent, dated letters from counselors regarding Respondent's participation in a rehabilitation or recovery program, where appropriate. These should include a description of the program, the number of sessions the Respondent has attended, the counselor's diagnosis of Respondent's condition and current state of rehabilitation improvement, the counselor's basis for determining improvement, and the credentials of the counselor and records from a treatment facility.

- For licensees, statement from employers documenting that the employer is aware of the previous drug or alcohol abuse problems. Statement must also substantiate that while employed, there was no evidence of continued alcohol or drug use and that the respondent performed dental functions in a safe and

competent manner. Each statement should include the period of time and capacity in which the person worked with the Respondent and should contain the following sentence at the end: "I declare, under penalty of perjury, under the laws of the State of California, that the foregoing is true and correct." It should be signed by the one making the statement and dated.

- Recent, dated laboratory analyses or drug screen reports, where appropriate.
- Recent, dated performance evaluations from Respondent's employer.
- Recent, dated physical examination reports by a licensed physician and surgeon, nurse practitioner, or physician assistant.
- Certificates or transcripts of courses related to dentistry that Respondent completed since the date of the violation. A dentist or dental auxiliary whose license has been revoked can use his or her former license number to obtain continuing education credit or hours or for any other purpose.

OTHER SITUATIONS IN WHICH REVOCATION IS THE RECOMMENDED PENALTY

Failure to file a notice of defense or to appear at a disciplinary hearing, where the Board has requested revocation.

Violation of a condition(s) of the Board's Probation Program.

Substantiated evidence or convictions of physical abuse or sexual offenses.

PROBATION TERMS AND CONDITIONS

The Board's primary responsibility is consumer protection. The Board believes that in disciplinary matters where probation has been imposed, conditions should be established to provide for consumer protection and to allow the probationer to demonstrate rehabilitation.

The following conditions of probation provide for consumer protection and establish a mechanism to monitor the rehabilitation progress of a probationer.

Generally, the Board recommends a minimum of three years of probation unless a longer or shorter term is warranted.

For purposes of implementation of these conditions of probation, any reference to the Board also means staff working for the Dental Board of California or its designee.

MODEL INTRODUCTORY LANGUAGE
TO BE USED FOR ALL PROBATIONARY ORDERS

The following introductory language is to be included in decisions that place the respondent's license on probation.

IT IS HEREBY ORDERED that (INSERT APPROPRIATE LICENSE CATEGORY) Number (INSERT LICENSE NUMBER) issued to Respondent is revoked. However, the revocation is stayed and Respondent's (INSERT LICENSE CATEGORY) is placed on probation for (INSERT NUMBER OF YEARS) years on the following conditions.

In order to provide clarity and consistency in its decisions, the following language should be used in proposed decisions or stipulated agreements for exam applicants, credential applicants [those who hold a license in another state(s)], and for petitioners for reinstatement who are issued a license that is placed on probation.

Exam applicants who are placed on probation:

The application of respondent _____ for licensure is hereby granted. Upon successful completion of the licensure examination and all other licensing requirements including payment of all fees, a license shall be issued to respondent. Said license shall immediately be revoked, the order of revocation stayed and respondent's license placed on probation for a period of-- _____ years on the following conditions:

Credential applicants who are placed on probation:

The application of respondent _____ licensure is hereby granted and a license shall be issued to respondent upon successful completion of all licensing requirements including payment of all fees. Said license shall immediately be revoked, the order of revocation stayed and respondent's license placed on probation for a period of _____ years on the following conditions:

Reinstatement of licensure with conditions of probation:

The application of respondent _____ for reinstatement of licensure is hereby granted. A license shall be issued to respondent. Said license shall immediately be revoked, the order of revocation stayed and respondent's license placed on probation for a period of _____ years on the following conditions:

NOTE: If cost recovery was ordered in the revocation or surrender of a license and the cost recovery has not been paid in full by a petitioner, a probation condition requiring payment of the original cost recovery on a payment plan must be included in the reinstatement and decision.

Language for Additional Permits

It is further ordered that (INSERT TYPE OF ADDITIONAL LICENSE OR PERMIT) Number (INSERT LICENSE OR PERMIT NUMBER) issued to Respondent is revoked. However, the revocation is stayed and Respondent's (INSERT TYPE OF ADDITIONAL LICENSE OR PERMIT) name the certificates) is placed on probation for (INSERT NUMBER OF YEARS) years on the following conditions.

STANDARD PROBATION CONDITIONS FOR ALL DECISIONS AND ORDERS

SEVERABILITY CLAUSE – Each condition of probation is a separate and distinct condition. If any condition of this Decision and Order, or any application thereof, is declared unenforceable in whole, in part, or to any extent, the remainder of this Decision and Order, and all other applications thereof, shall not be affected. Each condition of this Decision and Order shall separately be valid and enforceable to the fullest extent permitted by law.

RATIONALE: The severability clause is required for all decisions and orders and stipulated agreements where there are conditions of probation, to avoid the possibility of all probation conditions being invalidated upon a successful appeal.

(1) OBEY ALL LAWS - Respondent shall obey all federal, state and local laws and all rules and regulations governing the practice of dentistry in California, and remain in full compliance with any court ordered criminal probation, payments and other requirements. A full and detailed account of all misdemeanor and felony arrests and convictions shall be reported by Respondent to the Board in writing within seventy-two (72) hours of occurrence. To permit monitoring of compliance with this condition, Respondent shall submit a completed California Department of Justice state and federal Livescan fingerprint form, unless previously submitted as part of the licensure application process. Fingerprints shall be submitted within 15 calendar days of the effective date of the Decision and Order.

CRIMINAL COURT ORDERS: If Respondent is under criminal court orders by any governmental agency, including probation or parole, and the orders are violated, this shall be deemed a violation of probation and may result in the filing of an accusation or petition to revoke probation or both.

OTHER BOARD OR REGULATORY AGENCY ORDERS: If Respondent is subject to any other disciplinary order from any other health-care related board or any professional licensing or certification regulatory agency in California or elsewhere, and violates any of the orders or conditions imposed by other agencies, this shall be deemed a violation of probation and may result in the filing of an accusation or petition to revoke probation or both.

RATIONALE: All licensees are responsible for abiding by federal, state, and local laws. Licensees are also responsible for complying with criminal court orders. If a licensee is subject to other health-care related board or regulatory agency orders, violations of those orders may impact the status of his or her discipline by the Board. This condition emphasizes the Respondent's responsibility and specifies the Board's authority to take more immediate and severe action if other violations occur. If a licensee whose license is on probation violates other probationary conditions or order they may be unsafe to practice in this state.

(2) QUARTERLY REPORTS – Respondent shall submit a quarterly reports signed under penalty of perjury stating whether there has been compliance with all the conditions of probation. Respondent shall submit a quarterly report no later than seven (7) calendar days from the beginning of the assigned quarter.

RATIONALE: This provides the Board with a mechanism for maintaining communication with the Respondents between meetings; gathering pertinent information from Respondent's; obtaining written materials, other than routine reports, that might be deemed necessary on an individual basis. This also allows coordination with other state agencies that discipline dentists and dental auxiliaries.

(3) COMPLY WITH THE BOARD'S PROBATION PROGRAM - Respondent shall fully comply with the conditions of probation established by the Board and all requirements necessary to implement the conditions of probation. Respondent shall cooperate with the Board in its monitoring and investigation of the Respondent's compliance with the conditions of probation. Respondent shall respond to all requests and inquiries from the Board within the time period specified by the Board.

Upon successful compliance with the conditions of probation, and completion of the probation term, Respondent's license shall be fully restored.

RATIONALE: Full compliance with conditions of probation demonstrate a Respondent's commitment to rehabilitation and to correcting the problems which led to the disciplinary action.

(4) ADDRESS CHANGE, NAME CHANGE, LICENSE STATUS - Respondent shall inform the Board in writing within 15 calendar days of any change in his or her address of record, physical employment address, physical residence address, and any legal name change. Respondent shall maintain an active, current license with the Board, including while suspended from practice of dentistry unless otherwise specified by the disciplinary orders.

Any misrepresentation by Respondent of his or her restricted license status to the public shall be a violation of the probation conditions.

RATIONALE: Informing the Board of address and name changes is necessary to ensure ongoing Board monitoring and contact with the Respondent.

(5) MEETINGS AND INTERVIEWS- Respondent shall appear in person for meetings and shall be available by telephone for interviews as directed by the Board.

RATIONALE: This provides a means for the Board representatives to make periodic assessments of the Respondent, to determine compliance with probation conditions and to give guidance and directions to licensees on probation.

(6) STATUS OF RESIDENCY, PRACTICE, OR LICENSURE OUTSIDE OF STATE
- In the event Respondent should leave California to reside or practice outside the state, Respondent must provide written notification to the Board of the dates of departure and anticipated return to the state. Respondent's probation is tolled, if and when he or she ceases practicing in California. Period of practice outside of California will not apply to the reduction of the probationary period.

Respondent shall provide a list of all states, United States territories, and elsewhere in the world where he or she has ever been licensed as a dentist or dental auxiliary or held any health-care related professional license or certificate. Respondent shall further provide information regarding the status of each license and certificate and any changes in the license or certificate status during the term of probation. Respondent shall inform the Board if he or she applies for or obtains a dental or dental auxiliary license or certificate outside of California during the term of probation.

For purposes of this condition, non-practice due to Board ordered suspension or in compliance with any other condition of probation, shall not be considered a period of non-practice.

RATIONALE: Ensures that Respondents may not complete probation without being fully monitored for their period of probation in California. This further ensures that the Board is aware of all licensure outside of California as a dentist or dental auxiliary or in any health care related capacity.

(7) SUBMIT DOCUMENTATION - Upon request, Respondent shall submit documentation to the Board including, but not limited to the following: Livescan forms, quarterly reports, authorization for release of confidential information.

Such documentation shall be submitted under penalty of perjury, as required by the Board. On a case-by-case basis, documents shall be required to contain statements relative to Respondent's compliance with all the conditions of probation, and compliance with Board instructions.

RATIONALE: This provides the Board with a mechanism for maintaining communication with the Respondent between meetings; gathering pertinent information from the Respondent; and obtaining written materials, other than routine reports, that might be deemed necessary on an individual basis.

(8) COST RECOVERY – Respondent is hereby ordered to reimburse the Board the amount of \$ _____ within ninety (90) calendar days from the effective date of this decision for its investigative and prosecution costs up to the date of the hearing. Failure to reimburse the Board's cost of its investigation and prosecution shall constitute a violation of the probationary order, unless the Board or its designee agrees in writing to payment by an installment plan because of financial hardship. Any and all requests for a payment plan shall be submitted in writing by Respondent to the Board. However, full payment of any and all costs required by this condition must be received by the Board no later than one (1) year prior to the scheduled termination of probation. The filing of bankruptcy or periods of non-practice by Respondent shall not relieve Respondent of his or her obligation to reimburse the Board for its costs.

RATIONALE: The Board has statutory authority to collect probation monitoring costs and all orders should contain this provision.

(9) PROBATION MONITORING COSTS: All costs incurred for probation monitoring during the entire probation shall be paid by the Respondent. The monthly cost may be adjusted as expenses are reduced or increased. Respondent's failure to comply with all terms and conditions may also cause this amount to be increased.

All payments for costs are to be sent directly to the Board and must be received by the dates specified.

If Respondent is unable to submit costs for any month, he or she shall be required, instead to submit an explanation of why he or she is unable to submit the costs, and the dates he or she will be able to submit the costs including payment amounts. Supporting documentation and evidence of why the Respondent is unable to make such payments must accompany this submission.

In addition to any other disciplinary action taken by the Board, the probationary period will be extended.

RATIONALE: The Board has statutory authority to collect probation monitoring costs and all orders should contain this provision.

(10) LICENSE SURRENDER - If Respondent ceases practicing due to retirement, health reasons or is otherwise unable to satisfy the conditions of probation, Respondent may surrender his or her license to the Board. The Board shall evaluate Respondent's request and to exercise its discretion whether to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Such surrender shall be accomplished through a written stipulated agreement, without the filing of an accusation or petition to revoke probation, and without further hearing. Upon formal acceptance of the surrender, Respondent shall deliver his or her wallet and wall certificate to the Board or its designee and Respondent shall no longer practice dentistry or be subject to the conditions of probation.

Surrender of Respondent's license shall be considered a disciplinary action and shall become a part of Respondent's license history with the Board. If Respondent re-applies for a dental license, the application shall be treated as a petition for reinstatement of a revoked license.

(11) FUNCTION AS A LICENSEE – Respondent, during the period of probation, shall engage in the practice of [INSERT APPROPRIATE LICENSING CATEGORY, e.g. dentistry, dental hygiene, dental hygiene in extended functions, etc.] in California for a minimum of sixteen (16) hours per week or sixty-four (64) hours per calendar month. For the purpose of compliance with this section, “engaged in the practice of [INSERT APPROPRIATE LICENSING CATEGORY] may include, when approved the Board, volunteer work in [INSERT APPROPRIATE LICENSING CATEGORY], or work in any non-direct patient position that requires licensure.

In the event Respondent should leave California to practice outside the state, Respondent must provide written notification to the Board of the dates of departure and anticipated return to the state. Respondent's probation is tolled, if and when he or she ceases practicing in California. Periods of practice outside of California will not apply to the reduction of the probationary period. In the event Respondent ceases to practice a minimum of sixteen (16) hours per calendar week or sixty-four hours per calendar month in California, Respondent must provide written notification of that fact to the Board. The period when the Respondent is not practicing, the minimum number of hours, will not apply to the reduction of the probationary period. Absence from practice shall not relieve the Respondent from maintaining a current license or from fulfilling all of the terms and conditions of probation. For purposes of this condition, non-practice due to Board ordered suspension shall not be considered a period of non-practice. If Respondent stops practicing in California for a total of five (5) years, Respondent's license shall be automatically cancelled.

If Respondent has not complied with this condition during the probationary term, and Respondent has presented sufficient documentation of his or her good faith efforts to comply with this condition, and if Respondent is in compliance with all other probation conditions, the Board, in its sole discretion, may grant an extension of Respondent's probation period up to one year without further hearing in order to comply with this condition. During the one year extension, all original conditions of probation shall apply unless they have been modified by the Board via a petition for modification of probation.

RATIONALE: This provides the Board with an opportunity to monitor Respondents and determine if they can perform the functions and duties of his or her licensing category in a competent manner. It also prevents Respondents from merely "sitting out" the probation and avoiding the necessity of demonstrating competence and compliance with probation conditions.

- ~~1. Obey All Laws – Respondent shall comply with all conditions of probation and obey federal, state and local laws and all rules and regulations governing the practice of dentistry in California, and remain in full compliance with any court ordered criminal probation, payments and other requirements.~~
- ~~2. Quarterly Declarations – Respondent shall submit quarterly declarations under penalty of perjury on the Board's Quarterly Report of Compliance forms provided by the Board, stating whether there has been compliance with all the conditions of probation.~~
- ~~3. Probation Surveillance – Respondent shall comply with the Board's probation surveillance program.~~
- ~~4. Interviews – Respondent shall appear in person for interviews with a Board representative upon request at various intervals and with reasonable notice.~~
- ~~5. Change of Address – Respondent shall inform the Board in writing within 15 days of any change of place of practice or place of residence. Respondent shall at all times keep the Board informed of his or her address of business and residence which shall both serve as addresses of record. Under no circumstances shall a post office box serve as an address of record.
Respondent shall also immediately inform the Board, in writing, of any travel to any areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty (30) days.~~
- ~~6. Cost Recovery – Respondent is hereby ordered to reimburse the Board the amount of \$_____ within 90 days from the effective date of this decision for its investigative and prosecutorial costs up to the date of the hearing. Failure to reimburse the Board's cost of its investigation and prosecution shall constitute a violation of the probationary order, unless the Board or its Executive Officer agrees in writing to payment by an installment plan because of financial hardship. However, full~~

~~payment must be received no later than one year prior to the scheduled termination of probation.~~

- ~~7. License Surrender - Following the effective date of this decision, if Respondent ceases practicing due to retirement, health reasons or is otherwise unable to satisfy the terms and conditions of probation, Respondent may voluntarily surrender his/her license to the Board. The Board reserves the right to evaluate the Respondent's request and to exercise its discretion whether to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the tendered license, Respondent will no longer be subject to the terms and conditions of probation.~~
- ~~8. Absence from State/Practice - In the event Respondent should leave California to reside or practice outside the State, Respondent must provide written notification to the Board of the dates of departure and return. Periods of residence or practice outside of California will not apply to the reduction of the probationary period. In the event Respondent ceases to actively practice [dentistry] [dental auxiliary duties] in California, Respondent must provide written notification of that fact to the Board. The period when the Respondent is not practicing will not apply to the reduction of the probationary period. Absence from the state or absence from practice shall not relieve the Respondent from fulfilling the conditions of probation requiring reimbursement of costs or restitution to patients or on behalf of patients.~~

9. (12) CONTINUANCE OF PROBATIONARY TERM/COMPLETION OF PROBATION - If ~~Respondent~~ violates the terms of this probation in any respect, the Board, after giving ~~Respondent~~ notice and the opportunity to be heard, may set aside the stay order and impose the revocation or suspension of the ~~Respondent's~~ license. If, during the period of probation, an accusation and/or a petition to revoke probation or both has been filed against ~~Respondent's~~ license or the Attorney General's Office has been requested to prepare an accusation and/or a petition to revoke probation or both against ~~Respondent's~~ license, the probationary period shall automatically be extended and shall not expire until the accusation and/or the petition to revoke probation has been acted upon by the Board. Upon successful completion of probation, ~~Respondent's~~ license will be fully restored.

RATIONALE: The provision ensures that the Board will be able to continue monitoring the practice of licensees who are either out of compliance with his or her probation conditions or have allegedly committed further acts that constitute a violation of the Dental Practice Act. This is necessary to protect the public from licensees who have already demonstrated a lack of compliance.

(13) SALE OR CLOSURE OF AN OFFICE AND/OR PRACTICE - If Respondent sells or closes his or her office after the imposition of administrative discipline, Respondent shall ensure the continuity of patient care and the transfer of patient records. Respondent shall also ensure that patients are refunded money for dental work not completed

performed, and shall not misrepresent to anyone the reason for the sale or closure of the office and/or practice. The provisions of this condition in no way authorize the practice of dentistry by the Respondent during any period of license suspension.

RATIONALE: This provision is intended to protect patients whose dentist of record has been disciplined and he or she needs to or chooses to sell or close his or her practice.

(14) NOTIFICATION - Prior to engaging in the practice of dentistry, the Respondent shall provide a true copy of the Decision and Accusation to his or her employer, and at any other facility where Respondent engages in the practice of dentistry. Respondent shall submit proof of compliance to the Board or its designee within 15 calendar days.

This condition shall apply to any change(s) in place of employment.

RATIONALE: The condition provides the Board with a mechanism for ensuring that the employer providing dental services is informed of the license status of the respondent so that, if necessary, the work environment can be structured to ensure consumer safety.

OPTIONAL-ADDITIONAL CONDITIONS OF PROBATION **MODEL LANGUAGE**

- ~~1. Suspension - In those cases where suspension is warranted, the suspension must be a minimum of 20 days unless otherwise noted. In those cases involving fraud, false advertising or excessive billing, the minimum period of suspension shall be 30 days.~~

Model Language

(15) SUSPENSION - Commencing from the effective date of this decision, ~~Respondent~~ shall be suspended from the practice of dentistry for a minimum period of (minimum of 30 days ~~or months~~). Respondent shall not mislead patients regarding the reasons for suspension from practicing dentistry.

During the suspension ~~Respondent~~ shall not practice dentistry directly or indirectly, including the supervision of dental auxiliaries, nor shall ~~Respondent~~ receive or have set aside for future receipt, any new monies derived from the practice of dentistry as defined by the provisions of Business and Professions Code Section 1625, which includes managing or conducting as manager, proprietor, conductor, lessor, or otherwise, a place where dental operations are performed.

If ~~Respondent~~ operates his or her own office as a solo ~~practice~~ practitioner or as a one person professional corporation, said office is to be closed except for administrative purposes (making future appointments when suspension is over, opening mail, referring patients, accepting payments on account, and general office administration); and ~~Respondent~~ shall not lease the dental office nor make any monetary gain from the practice earned during the period of time that the office is closed.

During the suspension period, all probation conditions are in full force and effect except those relating to the actual practice of [INSERT APPROPRIATE LICENSE CATEGORY.]

RATIONALE: This provision is necessary for the protection of the public because in some cases the licensee needs to stop practicing and participate in either rehabilitation or remedial education before resuming practice. And, it is appropriate in cases where the serious nature of the misconduct warrants a period of suspension from practice.

2. ~~Remedial Education~~ – In those instances where a licensee has demonstrated negligence and/or incompetence, or has been found guilty of performing work or attempting treatment beyond the scope of training and/or experience, the Board will impose a program of remedial education. This program shall specify the areas and/or hours of education remediation required, and may also dictate the institution(s) where the education will be received. A remedial education program is usually required prior to allowing the licensee to return to the identified deficient area of practice, and requires prior approval by the Board. Continuing education courses used for renewal of licensure will not fulfill the remedial education requirement.

Model Language:

(16) REMEDIAL EDUCATION –

Within (30 to 90 days) of the effective date of this decision, ~~Respondent~~ shall submit to the Board for its prior approval, an appropriate program of remedial education related to ~~(the cause of disciplinary action)~~ in an educational facility or program which must also to be approved by the Board. *(If appropriate, ~~Respondent~~ shall be evaluated by a dental educational institution prior to submitting remedial education courses for approval.)* The exact number of hours and specific content of the program shall be determined by the Board or its designee. Respondent shall successfully complete the remedial education program and may be required to pass an examination administered by the Board or its designee related to the program's content. (If appropriate, ~~Respondent~~ shall be restricted from the practice of {areas

where a deficiency has been identified) until the remedial education program has been successfully completed.) Respondent shall pay all costs of the remedial education program. ~~The period of probation will be extended, if necessary, until such remedial education is completed. If continuing education courses are included in the remedial program, those units will not be used for the required continuing education for license renewal.~~

RATIONALE: In those instances where a licensee has demonstrated negligence or incompetence, or has been found to have performed work or attempting treatment beyond the scope of training or experience, the Board will impose a program of remedial education. This program shall specify the areas and hours of education remediation required, and may also dictate the institution(s) where the education will be received. A remedial education program is usually required prior to allowing the licensee to return to the identified deficient area of practice, and requires prior approval by the Board. Continuing education courses used for renewal of licensure will not fulfill the remedial education requirement. NOTE: This program is for dentists and auxiliaries who have demonstrated deficiencies in skill but do not constitute a present danger to patients in other areas of practice.

3. ~~Examination~~ – This condition concerns itself with those individuals who are very significantly deficient in the practice of dentistry or who have had a prior revocation and are petitioning the Board for reinstatement of their license. This condition will also apply to licensees who have had prior restrictions on practicing in a particular area or specialty field.

Model Language

(17) EXAMINATION – Respondent shall not practice dentistry until he or she has passed the California clinical examination or the Western Regional Examination Board examination. Within _____ of the effective date Respondent shall take and pass either the California clinical examination or the Western Regional Examination Board examination an examination in (area(s) of identified deficiencies)(if licensure exam is required, it shall be taken on a regularly scheduled examination date and Respondent must successfully pass the complete examination based upon the same standards of the initial licensure examination). Respondent shall pay all fees related to the examination. ~~If unsuccessful, Respondent may not be reexamined prior to 60 days after failure of the examination and be tolled and may not take the examination more than three times per year. If Respondent fails the examination three times, a period of one year must pass and be tolled prior to retaking the required examination. Under the condition of failure for three times, the Respondent must also show evidence of remediation in the deficient area(s) prior to retaking the examination. Respondent must be successful with a score of 75% in each section of the examination in order to fulfill this requirement and may not practice until totally~~

successful. The probation period is tolled until Respondent passes either examination.

~~(Continue with either one of these two options.)~~

~~OPTION #1: Condition Precedent~~

~~Respondent shall not practice dentistry until Respondent has passed the required examination and has been so notified by the Board or its designee in writing. This prohibition shall not bar Respondent from practicing in a clinical training program approved by the Board, or its designee. Respondent's practice shall be restricted only to that which is required by the approved training program.~~

~~OPTION #2: Condition Subsequent~~

~~If Respondent fails to pass the first examination, Respondent shall be suspended from the practice of dentistry until a repeat examination has been successfully passed and tolled, as evidenced by written notice to Respondent from the Board or its designee.~~

~~NOTE: The condition precedent option is particularly recommended in cases where Respondent has been found guilty of gross negligence, incompetence or repeated negligence and is a present danger to patients.~~

RATIONALE: This condition concerns itself with those individuals who are significantly deficient in the practice of dentistry or who have had a prior revocation and are petitioning the Board for reinstatement of their license. This condition will also apply to licensees who have had prior restrictions on practicing in a particular area or specialty field. This condition is particularly recommended in cases where Respondent has been found to have committed gross negligence, incompetence or repeated negligence.

- ~~4. Supervised Environment This condition allows the Board to monitor the competency of Respondent by use of a fellow practitioner. It is most appropriate in those cases involving incompetence, negligence, drug abuse, and sexual misconduct. The type of supervision needs to be clearly defined relative to the necessity for the presence of the supervisor. Direct supervision would require the physical presence of the supervisor during the time dental procedures are performed. General supervision does not require the physical presence of the supervising dentist. The type of required supervision depends on the severity of the violation(s).~~

Model Language

(18) SUPERVISED EnvironmentPRACTICE- Within 60 days of the effective date of this decision, Respondent shall submit to the Board, for its prior approval, the name and qualifications of one or more proposed supervisors and a plan for each such supervisor by which Respondent's practice would be supervised. Respondent shall not practice until receiving notification of Board approval of Respondent's choice of a supervisor and plan of supervision.

The plan of supervision shall be *(direct and require the physical presence of the supervising dentist in the dental office during the time dental procedures are performed.) (general and not require the physical presence of the supervising dentist during the time dental procedures are performed but does require an occasional random check of the work performed on the patient as well as quarterly monitoring visits at the office or place of practice).* Additionally, the supervisor shall have full and random access to all patient records of Respondent. The supervisor shall evaluate all aspects of Respondent's practice regardless of Respondent's areas of deficiencies.

Each proposed supervisor shall be a California licensed dentist who shall submit written reports to the Board on a quarterly basis verifying that supervision has taken place as required and include an evaluation of Respondent's performance.
